

BREMER COUNTY UTILITY PERMIT

PERMIT NO. \_\_\_\_\_

DATE \_\_\_\_\_

TO THE BOARD OF SUPERVISORS, BREMER COUNTY, IOWA:

The \_\_\_\_\_ Company, Incorporated under the laws of \_\_\_\_\_, and authorized to do business within the State of Iowa, with its principal place of business at \_\_\_\_\_, \_\_\_\_\_ (City) \_\_\_\_\_ (State)

does hereby make application requesting permission to occupy certain portions of public right of way

for transmission of \_\_\_\_\_ from \_\_\_\_\_ feet \_\_\_\_\_ of the \_\_\_\_\_ corner of

Section \_\_\_\_\_, Twp \_\_\_\_\_ (direction) N, R \_\_\_\_\_ W to \_\_\_\_\_ feet \_\_\_\_\_ (direction)

of the \_\_\_\_\_ corner of Section \_\_\_\_\_, Twp \_\_\_\_\_ N, R \_\_\_\_\_ W.

A distance of \_\_\_\_\_ miles.

IT IS AGREED:

(1) That the Applicant will file a plat showing the location, horizontally and vertically, of the proposed utility line and that said plat is hereby made a part of this agreement; and that the description of the proposed installation which shall include type, height and spacing of poles; maximum voltage, length of cross arms, minimum clearance and number of wires; type, depth, size and capacity of underground cables, conduits, tile lines and pipe lines; maximum working pressures for pipe lines carrying flammable products is described as follows:

(2) The Applicant will bear all cost of this installation and any subsequent maintenance.

(3) The Applicant will, at any time subsequent to the installation, at his own expense, remove or relocate his utility lines as may become necessary to conform to new grades, alignment or widening of right of way resulting from maintenance or construction operations for highway improvements. The Applicant further agrees to perform this operation promptly upon written notice by the County without cost to the County. If the Applicant fails or is unable to comply promptly, the County may cause the work to be performed and the cost of such work will be paid by the Applicant upon receipt of statement.

(4) The Applicant shall have the right to cross the adjacent secondary roads with services from any point or points on said utility lines, for the purpose of serving customers of the Applicant located near or adjacent to the said secondary roads.

(5) The applicant shall return the entire roadway to its original condition, which it has disturbed or damaged in construction, operation or maintenance of said utility lines. In the event the County repairs any damage to the roadway, caused by the Applicant, the Applicant shall reimburse the County for its expenditures necessitated thereby.

(6) The Applicant shall construct and maintain the utility lines or services in such a way that they will not interfere with public travel on such secondary roads, and the Applicant shall take all necessary precautions to protect and safeguard the lives and property of the traveling public and adjacent property owners.

(7) The Applicant shall indemnify and hold the County harmless for any and all damages, loss, and expense, including judgments, costs and attorneys' fees for personal injury, death or property damage resulting from the construction, operation or maintenance of such utility lines or services and appurtenances thereto.

(8) This permit shall be subject to any State and Federal laws now in effect or which may hereafter be enacted.

(9) The vertical clearance of all overhead wires shall comply with the applicable National Safety Code.

(10) All underground cable, conduit, tile line and pipe line crossings of hard surfaced secondary roads shall be made by means of jacking, boring or some manner approved by the County.
